

WHEN 20/20 VISION JUST ISN'T ENOUGH

Enriching macular pigment with all three macular carotenoids will optimize contrast even in patients with “perfect” visual acuity.¹

When identifying faces, signs and objects contrast sensitivity measures at 6 c/deg is the best predictor of real world vision.²

**INCORPORATING MACUHEALTH'S
CUSTOMIZED CONTRAST
SENSITIVITY APP INTO
M&S TECHNOLOGIES' SMART
SYSTEM WILL PROVIDE FOR
PATIENT ASSESSMENT OF:**

- REAL WORLD VISION UNDER ALL CONDITIONS
- VISUAL IMPACT OF AN UNDERLYING PROBLEM ON VISUAL FUNCTION
- AMBLYOPIA
- AGE-RELATED MACULAR DEGENERATION
- CATARACTS
- CORNEAL EDEMA
- DRY EYE
- GLAUCOMA
- KERATOCONUS
- MACULOPATHY
- OPTIC NERVE PATHOLOGY
- LOW MACULAR PIGMENT OPTICAL DENSITY AND VOLUME

WAYS TO PURCHASE THE M&S SYSTEM WITH MACUHEALTH'S CS APP

- 1. Smart System 2020 system with MacuHealth CS app**
\$3,500 – Receive up to \$500 off (purchase up to 10 cases of MacuHealth and receive \$50 per case off your M&S System purchase)
- 2. Android Tablet with a custom Macuhealth CS app**
\$595 – Receive up to \$300 off (purchase up to 6 cases of MacuHealth and receive \$50 per case off your M&S Android Tablet purchase)
- 3. Software Update to an Existing System 2020**
\$175 – Receive up to \$150 off (purchase up to 3 cases of MacuHealth and receive \$50 per case off your M&S System 2020 Software Upgrade)
- 4. Add a Tablet app to an Existing M&S Customer**
\$95 – Receive up to \$100 off (purchase up to 2 cases of MacuHealth and receive \$50 per case off your Tablet app)

MacuHealth purchase must be made with the M&S purchase. \$50 discount is off Eye Care Professional's regular MacuHealth pricing. MacuHealth is sold and shipped by MacuHealth Distribution, Inc. M&S systems and apps are sold and shipped by M&S Technologies.
